"Four evening gowns and three afternoon dresses! When I was a girl I was very happy to have one Sunday dress!"
"All right mother, I'll do it if you'll let me tell everybody why!"

"Help! Thirty cents for a piece of pie!"
"Well what do you expect? When you demand a twelve piece jazz orchestra accompaniment."

"Great Scott, Samples, these taxi bills are awful!"
"I hope you don't think I'd ride in street-cars!"

"All I hear is picture show, theater, picture show! Why, when I was a boy if I went to a theater once a month and sat in a fifteen cent gallery I thought it was wonderful!" "Yes, pop! But you can't seem to forget that you were living in a different age!"

The H.C. of D.
"What on earth are you dreaming about?"
"Why I was just wondering whether it cost more to be buried in a regular coffin way or to be cremated?"

A crape-hanger -
"Hey, Bill! I know where we all could get a gallon o' whiskey - if we had twenty-five dollars."

"By George this H.C.L. is terrible.
"Why the cost of the plumbing is awful, I-"
"Yes, but remember that you used to take your Saturday bath in a tub in the kitchen and now you must have three bath rooms in the house!"

"By dad! Thirty cents for a cigar and it's punk at that!" "Why don't you go back to your old corn-cob pipe, dear!"

REACH DEADLOCK THE DAILY MISERY ON LABOR ISSUE OF ILL-HEALTH

Big U. S. Conference May
Break Up To-day.

Collective Bargaining the
Stumbling Block.

Washington, Oct. 17.—It will be a miracle to more than a majority of the Industrial Conference if that body continues to function after to-morrow. No vote was reached today on a recognition of the right to collective bargaining as phrased in a resolution reported by the General Committee, but it must come soon. In a frank and at times sensational debate it was stated for labor that failure to agree on the resolution as amended would prove the conference to be of no more benefit to labor, and members of the employers' group made it equally clear that in its present shape the resolution could not be accepted by them. No hope of any further vote was offered by the committee. If the vote could have been taken before the session ended the resolution would have been rejected. Labor alone stood out for immediate decision.

The employers' group stood in session to-night in an earnest effort to meet what seems to be an impossible situation. There is just a bare chance of an agreement by the group on some concession for the continuance of the conference, which is very much desired, for further consideration of this and of differences which have not been reached.

The resolution which it seems must wreck the conference, reads as follows:

The right of management in organization to trade and labor unions, to bargain collectively, to be represented by representatives of their own choosing in negotiations and adjustments with employers, and in respect to wages, hours of labor and rules and conditions of employment, is recognized.

This must not be understood as limiting the right of any wage-earner to refuse from joining any organization or to deal directly with his employer if he so chooses.

This would fail, but the speakers of the employers' group, while willing to agree to the right of collective bargaining, were, however, thought very unfair not to give to the wage-earners right to deal with their employers if they prefer that system. They knew, they said, that capital would be bound if the conference would come to naught through the employer's group standing out for this principle against the labor and public groups which are in agreement, but it could not be avoided. The question was a basic one. It involved a closed shop or open shop, the pending resolution practically establishing the former, the creation of the supreme power of trade unionism over all industry, which would be dangerous to the nation, objectionable to tens of thousands of large and small establishments and an interference to the conduct of industry so serious that it might do more to retard the development and destruction than the influences for which the conference had been called to find a remedy.

The members of the group who spoke thus did not think they had a right, nor the conference a right, to carry a subjective principle on all industry so early in the session without a chaotic debate and other attempt to arrive at an understanding on a vital difference that in some cases was clouded off hand and the employers held responsible for not agreeing to the principle of collective bargaining.

Unfetterable in employers, it was held, but their representatives, in the conference could not take the responsibility of bringing about what a very large part of industry would regard as a tragedy.

MR. GASPARD DUBORD.

159 Avenue Plus IX, Montreal.

"For three years, I was a terrible
sufferer from Dr. Hamilton's Pills. I
consulted a physician and took his medicine
and finally carried out his instructions
by the doctor STAFF CHURCHMAN
Fruit-A-Tives; but I did not improve and
finally the doctor told me I could not
be cured.

At this time, a friend advised me
to try 'Fruit-A-Tives' and I did so.
After taking two boxes of 'Fruit-A-Tives',
I was greatly relieved, and
gradually this marvelous fruit medi-
cine made me completely well.
My digestion and general health
are splendid—all of which I owe to
'Fruit-A-Tives'.

Victory of Cincinnati Showed that Two Leagues Are Very Evenly Matched

"Dutch" Ruether Could Not Stand Prosperity and Was in Poor Condition For Sixth Game

Not only was the national victory in the 1919 world's series desired, but it also would do the game a lot of good. It is to be the best interests of major-league baseball to have the two matches feature the best players. The matches insure lively competition, and real, live competition is the soul of the game.

There can be no denying that the National League has been the greatest league in the world for its chronic failure in world's series competition, and that the American League has a boom for the entire league. Efforts were made in some circles to make the 1920 series a "series of the future," and the National League frequently was spoken of as a circuit

national League world's champion instead after taking office.

Reports that Dutch Ruether, Cincinnati Reds pitcher, would not be in form in the sixth game of the series are unfortunately true. Ruether, who came into the league when he first came into the league, and it is nothing new for him to be out of form.

How is he married, but this year has been a well-behaved player, and he is expected to be in good success this season. However, the world's series excitement evidently has been a little too much for him. He is regretted that a player who performed the individual feats which Ruether has been doing for the past few years, kick over the traces while the series was on.

There are reports from Cincinnati

One victim in minor-league baseball was the record of the National League up to this fall, and Cincinnati's success in the American League. The reason for the league from being known as the football of baseball is that the league has had so many straight defeats: for the National League, a losing record for the first time in 1917; for the American League, the National League still is quite a bit behind, as the worst record for the American League is still ten for the National League.

It took quite a time for the league to shift back to the National League. It took quite a time for the league to shift back to the National League. It took quite a time for the league to shift back to the National League.

Special Prize
For Soldiers In
Y.M.C.A. Race

The returned soldier will be glad to know that a special prize will be awarded to the first returned soldier to finish in the 5-mile race, which takes place on the 10th of the month. The Y.M.C.A. has donated two beautiful watches for the winners. It is doubtful they will be both contented for as many of the local boys showed real interest in the race and stood fast overseas.

Atlanta, Ga., Oct. 16.—Three trotting and one pacing event here today marked the final card of the season for the Thoroughbred and harness racing. The races attracted a large number of entrants. The 5,000 ft. trot, for \$250 and 2-15 pace for \$1,000, attracted 2-15 pace for \$1,000 and a 2-10 trot for southern hoppers, with seven over night for \$1,000. The weather was fine, the track was fast and a faster track than the twenty-four hours of clear skies, was a record for the season.

Market Was Quite Small, as a Result.

Saturday, Oct. 18.—The vast majority of citizens were not thinking this morning of the "over Sunday" supply, so although there were immense crowds up town, but few of them were doing their marketing. There was a much smaller supply of produce than is customary at the weekend. Many of the farmers and gardeners were in town to see the Prince of Wales, and brought in their own produce. Many cauliflowers and cabbages of splendid grade were offered. A good many tomatoes were still to be had, most of them green, though many ripe ones were offered. Meats were fairly plentiful. Quite a lot of chickens were brought in. There was but a small supply of dairy produce. The prices, which showed few changes, were:
